The sport is internationally recognized and the FIGF recently received observer status from the Global Association of International Sports Federations (GAISF).

## Special Events

The AFGL has supported some pretty amazing major promotional events in the past seven years. Using FootGolf to bring out local fans to see their idols play a fun round of FootGolf has proven to be a huge success! This is

the chance to do a local event for charity, fundraising, or add FootGolf as an addition to another major event. The AFGL will work with you to plan and implement these Special Events successfully.

# Amateur Events

## U.S. Tour

The American FootGolf League is pleased to announce the start of the US FootGolf Tour. The amateur side of the sport is ready for its own tournaments and ranking structure. In 2021 we will start to develop an amateur tour where local players can compete at a lesser standard of play. These players won't need to travel the country or internationally, as AFGL Tour players do, in order to receive a national ranking. Tournaments will begin with leagues at local courses and will grow into city wide, statewide and regional competitions. Anyone who meets the criteria will be able to develop a stop on the tour. This is a great opportunity for a city to have a yearly stop on the US Tour. More specifics of the tour will be coming in early 2021.

We want these tournaments to be your event and your chance to shine. The courses who were most successful took ownership of the tournament and used this opportunity to promote their course. By doing so, they grew their player base! These players are athletes and competitors who want to practice and they take pride in having a home course. Show them what your course has!

## U.S. National Championship Tournament

The U.S. FootGolf National Championship defines our National Champion through 48 holes, 3-day tournament with 5 categories of winners: Men, Senior Men, Women, Juniors, and Club. Players qualify for this tournament by playing on the AFGL Tour or having played in a Qualifier Tournament on one of the stops across the country. This tournament requires 18 holes of the golf course in order to fit this field of players.

The US FootGolf National Championship was first held in 2015 at Sydney Marovitz Golf Course in downtown Chicago. The home course of the AFGL, Desert Willow Golf Club in Palm Desert, California hosted the 2016 and 2017 tournament. The National Championship was played in Kissimmee, Florida at Reunion Resort in 2018. In 2019, the US National Championship will be run in conjunction with the State Games of America. The AFGL is currently accepting bids for 2022.

## The AFGL Tour

The AFGL Tour is comprised of all tournaments with ranking points under the umbrella of the American FootGolf League. Only players affiliated to American Footgolf League are able to participate. This tour will be the basis upon which players will be eligible to play on Team USA to compete in the FIG World Cup, the Jansen Cup and other International Tournaments.

There will be:

- **24 tournaments with points for the AFGL Tour 2021-2022**
- **3 Regions: West, Central, East**
- **8 Tournaments per region**

Bonus: A player can qualify directly to the U.S. FootGolf National Championship 2021, just by completing in all rounds in one of the 24 tournaments.

pro-footgolfers come to play on some of the best courses in the United States. The AFGL is known for hosting one of the top footgolf tournaments in the world. Players are treated to four days of great tournament play, great food, good options for family down time, and a chance to meet up with fellow footgolfers.

This tournament requires 18 holes of the golf course in order to fit this field of players. In the past, we have played the former Pro/Am; now the US Open, at Melreese Country Club in Miami Florida, PGA Village in Port St. Lucie Florida, Crystal Springs Resort in Hamburg New Jersey, and Reunion Resort in Kissimmee, Florida. The first edition of the US Open in 2018 was played at River Ridge Golf Club in Oxnard California. We tend to hold this tournament at resort courses as our players like to congregate together and will often rent the resort vacation homes so they can stay together. Close and convenient housing in relationship to the golf course is a must along with an international airport.

We know there are beautiful courses all over this country and welcome your bids and ideas on hosting a US FootGolf Open.

## U.S. FootGolf Open

The U.S. Open is the major tournament of the AFGL. This international competition is considered one of the four "Majors" on the World Tour. The tournament sells out a full field of 144 players who travel from many of the 38 member countries of the FIG. These
